Humanitarian Officer specialised in Refugees/IDPs and Child  
Protection in Emergencies | Director of 'Road to Relief' NGO.  
Barcelona, Catalonia, Spain

## Sammanfattning

I am a humanitarian officer with several years of experience working in refugee camps and informal settlements. I specialise in Child Protection in Emergencies (CPIE) and Refugee/IDPs aid, and I have collaborated with a number of NGOs in Greece, Myanmar, Kenya and Morocco among other locations.

Prior to that, I worked as an Associate Researcher in several Universities as well as United Nations agencies for over 5 years, where I authored, translated, and edited a number of academic articles, many of which were published in newspapers and specialised academic Journals.

I am currently in Ukraine, working with Road to Relief NGO (of which I am co-Founder) on the evacuation efforts from the most affected areas by the Russian invasion.
